Bank Identification Code– BIC (adresse SWIFT)						
CCBPFRRPPVER						

Important: Please attach the invoices detachable stub to your payment or indicate the references on the detachable stub

In the event of non-payment on time and after sending a registered letter of formal notice to pay, the file is sent to the litigation department. The collection costs will be borne by the holder

The investigation of a complaint shall not be suspensive

Bank charges relating to payments made through banking institutions are the responsibility of the user, who must stipulate on his order: **"charges payable by the issuer"**.

4.2. Payment deadlines

Unless otherwise agreed, invoices must be paid within 30 days of their date of receipt.

4.3. Complaints

Any complaint must be presented within 90 days, otherwise it will not be accepted.

In order to avoid requests for additional information and to deal with your questions as quickly as possible, always indicate the number of the invoice concerned.

Airport Charges

PART II

Price Guide 2021

www.poitiers.aeroport.fr

Prices indicated in Euros excluding taxes

II/ AIRPORT CHARGES

1. Introduction

It is the customers' responsibility to inform the SEALAPB customer invoicing department of any modification made to their fleet: purchases, sales, rentals, leases, modifications to aircraft characteristics, etc.

In the absence of notification, the services will be invoiced according to the known characteristics of Poitiers-Biard Airport

2. Application of V.A.T.

- General Principle

VAT on airport services (landing fees, runway lights, parking, passengers, fuel) is billed at the normal rate of 20% (since January 1, 2014).

The VAT application regime on these services was defined by the finance law of December 19, 1978, which is summarized in the table below:

OPERATOR	VAT
French approved transport airlines (*) carrying less than 80% of their traffic internationally	Subject
French approved transport airlines (*) carrying 80% or more of their traffic internationally	Exempt
Foreign approved transport airlines	Exempt
Private aviation, business, air travel companies	Subject
French and foreign military aircraft, French and foreign state aircraft	Subject

(*) Companies defined in Article L.330-1 of the Civil Aviation Code.

- Remarks

- *French companies*

To benefit from the exemption, French companies are required to provide the customer billing service of the "SEALAPB", a valid certificate for the current year, certifying that their international

traffic services represent at least 80% of the services they operate. In the absence of this certification, the "SEALAPB" will apply VAT at the regular rate to its invoices.

In this case, no adjustment on the invoices already issued may be made and the exemption from T.V.A. shall be effective only from the date of dispatch of the certificate, the postmark taken as proof.

- *Chartered aircraft or flights on behalf of another company*

In all cases, the application of VAT depends on the regime to which the company is invoiced for airport services.

Billing basis

The landing fee is calculated based on the maximum take-off weight on the aircraft's certificate of airworthiness, rounded up to one ton.

3. Flat fees for non-business aircraft, business aviation and flying schools (less than 6 t.)

Minimum charge for aircraft under 6 tons (except for regular, based and military aircraft).

Aircraft from 0 - 1,5 T

Package amount	9,59 €
----------------	---------------

20 % reduction for approved French flying clubs.

- The package includes :
- > Unlimited number of landings for 12 hours
 - > 12 hour parking
 - > Use of premises and locals

Aircraft from 1,6 T - 4 T

Package amount	16,16 €
----------------	----------------

- The package includes :
- > 1 landing
 - > 6 hours parking

Aircraft from 4.1 - 6 T

Package amount	30,54 €
----------------	----------------

- The package includes :
- > 1 landing
 - > 6 hours parking

Fixed fees for aircraft based *, Vienna flying clubs and military (less than 6 t.)

4. Fixed fees for based* aircraft, Vienne flying clubs and military (less than 6t)

*Except Business Aviation

Landing fee for based aircraft, flying clubs of Vienne and military personnel weighing less than 6 tons not benefiting from the package

WEIGHT	€
Inferior 1,5 T	3,31
Between 1,5 T and 2,5 T	4,73
Between 2,5 T and 6 T	6,19

Packages for airport-based aircraft weighing less than 6 tons:

Forfaits		€
Based flying club package (From 0 - 3t)	Between 1 - 3 aircraft	31,17 € / month / aircraft
	From the 4th aircraft	27,27 € / month / aircraft
Based users package	From 0 - 3t	71.81 € / month / aircraft

These packages include an unlimited number of landings and outdoor parking. Runway lighting is not included in these packages.

Landing fee packages are reserved for airport based and Vienne flying clubs and subject to a minimum commitment of one year. The package is automatically renewed each year. Any request for membership or termination must be notified by mail with 2 months' notice .

5. Aircraft charges (greater than or equal to 6t)

MASS IN TONS		Price (€)
6 -11 T inc	For 6 tons	6,26 €
	Per additional ton	1,43 €
12 - 24 T inc	For 12 tons	14,86 €
	Per additional ton	2,77 €
25 - 74 T inc	For 25 tons	53,70 €
	Per additional ton	5,06 €
75 T and +	For 75 tons	306,73 €
	Per additional ton	6,51 €

- **Special conditions**

	REDUCTION
Based flight schools	50 %
Rotorcraft (Article 5 – Decree 24/01/56)	50 %
Aircraft belonging to a transport or aerial work company which perform training flights which do not carry out any transport or paid work during these flights. For each landing, touch and go. (Article 6 – Decree of 24/01/56)	75 %
« Touch and go » training	75 %
Aircraft making a forced return to the airport due to technical incidents or unfavourable atmospheric circumstances (Article 9d – Decree of 24/01/56)	100 %
Flights to check the proper functioning of an aircraft after alterations, repairs or adjustments to engine cells or on-board devices or after installation of a new device on board the aircraft, provided that the device belongs to a company who are unpaid for the transport or aerial work for this flight and only the members of the crew and the person controlling these tests are on board (Article 9c – Decree of 24/01/56)	100 %
Aircraft assigned to the movement of personalities exercising functions listed by the Minister responsible for civil aviation (Article 9a – Decree of du 24/01/56)	100 %
State aircraft carrying out a technical mission by order of the Minister responsible for Civil Aviation (Article 9b – Decree of 24/01/56) Civil Security aircraft	100 %

Aircraft assigned to the movement of personalities exercising functions listed by the Minister in charge of Civil Aviation. (Article 15 – Decree of 24/01/56)	100 %
State aircraft carrying out a technical mission by order of the Minister responsible for Civil Aviation (Article 15 – Decree of 24/01/56) Civil Security Aircraft	100 %
Aircraft making a forced return to the airport due to technical incidents or unfavourable atmospheric circumstances on arrival and departure (Article 15 – Decree of 24/01/56)	100 %

7. Parking fees

- **Basis of invoicing**

The parking charge is calculated per hour of parking based on the maximum take-off weight shown on the aircraft's certificate of airworthiness, rounded up to the next tonne. The parking time is counted for any aircraft between the time of landing and the time of take-off.

Any hour started is due.

A 2 hour franchise is granted.

PARKING	Price (€)
Per ton and per hour (franchise of 2 hours)	0,28

- **Special conditions**

	REDUCTION
Aircraft assigned to the movement of personalities exercising functions listed by the Minister in charge of Civil Aviation. (Article 15 – Decree of 24/01/56)	100 %
State aircraft carrying out a technical mission by order of the Minister responsible for Civil Aviation (Article 15 – Decree of 24/01/56) Civil Security Aircraft	100 %
Airport restaurant customer – limited to the day and on presentation of proof	100%

8. Passenger fees

- **Fee for the use of facilities for the reception of passengers**

This fee is due for the installation of all necessary tools and premises of common use used for the embarkation, disembarkation and reception of passengers and by any carrier operating an aircraft for commercial purposes or by an aircraft of maximum mass at take-off exceeding 6 tons which is not operated for commercial purposes. It is calculated according to the number of passengers appearing on the departure traffic form which is given to the airport by the following categories of carriers :

- > Regular airlines,
- > Companies carrying out charter flights or charter flights,
- > Companies engaged in other forms of transport on demand,
- > Air taxis,
- > In general, any carrier.

All details relating to this charge have been the subject of a circular from the Minister of Transport (AC n° D.B.A. du 17 mars 1971).

	€
Fee per departing passenger	5,58

- **Special conditions**

TYPE OF PASSENGERS	REDUCTION
Crew members (Article 6 – Decree of 28/02/81)	100 %

Passengers of an aircraft having made a forced return to the airport due to technical incidents or unfavourable atmospheric circumstances. (Article 6 – Decree of 28/02/81)	100 %
Passengers of an aircraft making a technical stopover (Article 6 –Decree of 28/02/81)	100 %
Children less than 2 years old (Article 6 – Decree of 28/02/81)	100 %

9. PRM charges – Passengers with Reduced Mobility

According to Regulation (EC) No 1107/2006 of the European Parliament and of the Council on the rights of people with disabilities and people with reduced mobility when traveling by air.

PMR fee due for each departing passenger
0,13 €

10. User charges for fuel distribution facilities

Billing basis

According to Décret 74 1093 of 17 december 1974 (OJ du 24 december 1974), the variable fuel element charge is applied for the JET A1. This royalty is payable by the oil company holding the distribution contract at Poitiers-Biard airport

Fuel charge by hectoliter
0,47 €

Incentives

PART III

Price Guide 2021

www.poitiers.aeroport.fr

Prices indicated in euros not including tax

II/ INCENTIVES

1. General

The incentive measures put in place at Poitiers-Biard airport are aimed exclusively at developing airport traffic while respecting an economic balance and the principle of wise investments between the contracting parties.

Any request for incentive measures must be made by mail to the operator SEALAPB within a minimum of 3 months before the opening of the planned route

2. Help with opening new routes

Year 1	-85% on the landing & passenger fees (excl PMR)
Year 2	-50% on the landing & passenger fees (excl PMR)
Year 3	-15% on the landing & passenger fees (excl PMR)

Conditions :

- ✓ New line, or resumption of a line more than 100km from an airport already served, and a journey time of more than 60 minutes;
- ✓ Minimum programme : 1 rotation per week over a minimum of 8 weeks (modulation possible depending on season concerned) ;
- ✓ The line must not have been served by the same airline group for at least 12 months.
- ✓ Seasonal shutdown possible : a declining incentive process follows ; the interruption period is included in the reduction period ;
- ✓ If restored, the discount continues in proportion to the remaining period ;
- ✓ If another company on the same destination, aid valid for the new arrival ;
- ✓ Respect of the program: The carrier loses the benefits of incentive measures in the event of significant changes to the minimum flight schedule announced. As such, a regularity of the line less than 95% may result in the suspension of the accompanying measures. However, these incentives apply to all additional flights.
- ✓ In the event that, after the first year, the market for the line initially covered by the contract proves to be insufficient to reasonably continue to operate, or for any other strategic reason agreed between the parties, the aid may be allocated to a substitution line.

3. Help to increase existing supply

- 20 % on landing and passenger fees (exc PRM)
(- 30 % en Hiver)

Conditions :

- ✓ Reduction applicable to new frequencies generated by this increase in the offer.
- ✓ The actual increase in supply (in available seats) on a route must be at least 25% compared to year N-1.
- ✓ Measure capped at € 20,000 per eligible line and per year
- ✓ Excluding OSP, and new service
- ✓ Can be cumulated under certain conditions with other incentive measures

4. Risk sharing contract based on aircraft load factors

Contract defined with the company on the basis of a load factor and a decreasing amount per departing passenger.

Conditions :

- ✓ On presentation of a quantified communication plan of the actions undertaken for the promotions of the new line.
- ✓ Not eligible for a subsidized OSP
- ✓ Not operated from Poitiers in the last 12 months
- ✓ On a 3 or 4 year contract.

IV/ GROUND HANDLING

1. General

Commercial assistance including, but not limited to, IFPBC and IFBS controls is due to the boarding of passengers for any aircraft with more than 14 seats, operated for commercial purposes

For commercial aircraft with fewer than 15 seats, IFPBC and IFBS checks remain possible during the activation of the Security Service, but the company may, if it so wishes, carry out the security visits of its passengers using “common access” to the aerodrome.

To know the activation times of the security service, it is requested to inquire beforehand with Handling Operations Tel. 05.49.30.04.45 – Fax 05.49.58.81.72 – Sita PISAMXH. Outside the activation schedules of the security service, the aircraft operator with a capacity of more than 14 seats shall request, with a minimum of 24 hours' notice, the implementation of the IFPBC and IFBS. »

The use of car parks P1 to P5 is subject to the systematic invoicing of assistance

- **ADJUSTEMENTS :**

- + 50% on Saturdays and Sundays, bank holidays and nights between 20:00 and 08:00
- + 20 % in case of delays of 1 to 2 hours and + 40 % beyond 2 hours delay compared to the scheduled time of arrival (this time being the time of launch of the flight with a minimum notice of 24 hours)
 - + 20 % in case of reprogramming with less than 24 hours' notice

- **CANCELLED FLIGHT :**

In the case of cancellation without notice or with less than 24 hours' notice compared to the scheduled arrival time, of a flight requesting assistance :

- **For a flight between 20h and 8h LOC, you will be invoiced:**
 - Assistance at 50%
 - A night surcharge of 50%
- **For a flight between 8h et 22h LOC, you will be invoiced**
 - Assistance at 50%
 - A night surcharge of 50% : Saturday, Sunday and bank holidays

- **Assistance rates with ‘reduced services’ :**
-

Any operator operating on regular commercial flights which has a simplified service because of its volume may claim relief from the assistance rates only under a negotiated contract.

These allowances on assistance rates are calculated on the basis of aircraft take-off schedules, their sizes and proposed frequencies.

2. Breakdown by type of aircraft

(For the application of the scale of fees for assistance, cleaning, defrosting, etc.)

CATEGORIES	TYPE AIRCRAFT	
A	1	Anson – Cessna – Nord 1 110/ 1 200 – C404 – Prince – and similar
